Break-time frisbee:

Play at your own risk!

WHATEVER! I couldn't help it.

We stayed with Byron's sister while on vacation last month and guess what? Her dog had puppies. They were so cute!! I just had to have two.

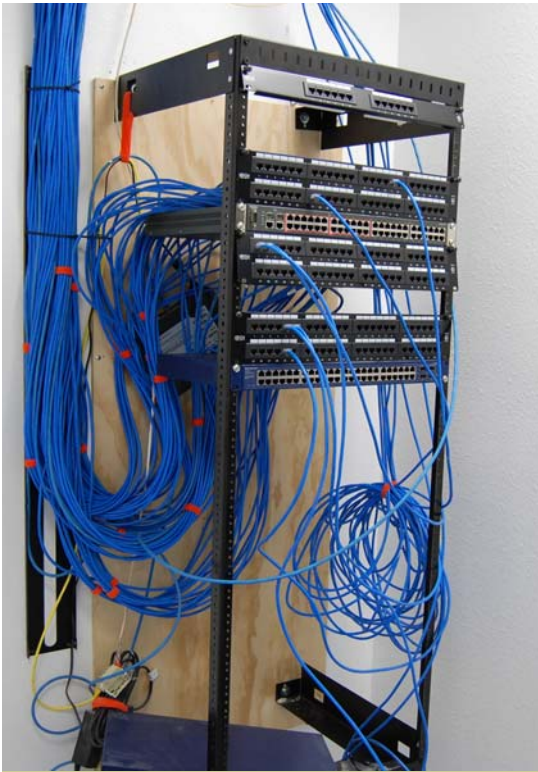

So here they are:
Charley and Lola

Byron acts like he isn't very happy about it, but I know he secretly really likes them. Who could resist those faces anyway?

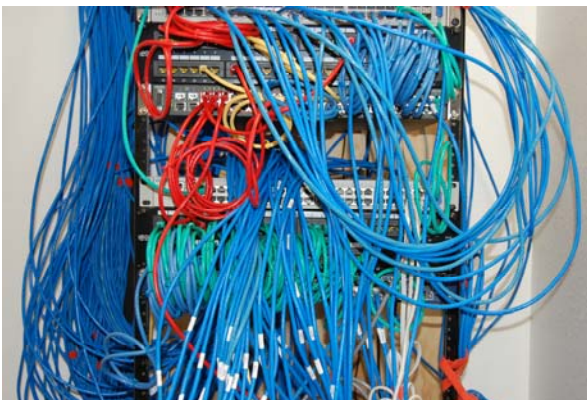

If you see a bunch of crazies running around in the street at break time, surrounding MGI, it's just Derek, Mike, Dave, Kevin, and Richard playing their version of urban Frisbee golf.

The new server distribution panel has been installed.

This only makes sense to Dave and Don Bean.

Glenn is deep in thought.

Three loading stations for the Toyota FH450S manufacturing cell.

The new 66 station pallet stacker is assembled.

MGI'S long awaited conference room is shaping up.
