AT&T WIRELESS DISCOUNT

Dave has negotiated a 6% discount from AT&T Wireless for MGI employees who use their service.

See Dave for details.

Look for our new Look!

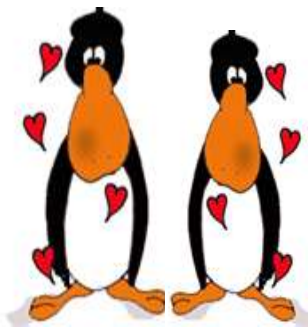

It has been many years since we had our last makeover. It is now time. This year—2008, our 33rd year in business will bring some new marketing concepts:

- New website
- New literature
- New representation

MGI is also seeking additional facilities. Funding has been approved. Stay tuned.

This will be interesting!

MGI welcomes Brett Paradis, who is representing MGI on the East coast!

Nope. Nope. Nope. I know what your thinking, but Derek SAYS he doesn't have any brothers.

MGI...

...has received the Silver Vendor status from Boeing. We have maintained deliveries better than 94% on-time and 100% quality for one year. We will be receiving our award shortly.

...has been awarded its first true high volume contract. The contract is for Tow missile product. The quantities are at 10,000 pieces for the next 18 months.

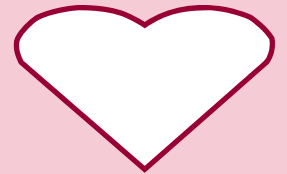

...has been awarded FRP 4 for the THOR program. As well, we will be awarded FRP 5 option within the next two months.

...has established itself so well within the Raytheon corporation, international divisions are now interested in us. Raytheon Scotland (RSL) has just awarded MGI FRP 4 and 5 TacTom contracts.

Do you know where to go if you need help?

Let's name our software!

Do your part in naming our manufacturing system. As you think of neat, business oriented software names, let Dave know. He will take recommendations during February and March. The product will be officially named come our new Fiscal year—April 1, 2008. Naming the software does not entitle you to any ownership or benefits, but you will get your name in the credits of the software.

"Knock it off, Hon — I'm trying to read!"
