### Let's name our software!

Do your part in naming our manufacturing system. As you think of neat, business oriented software names, let Dave know. He will take recommendations during February and March. The product will be officially named come our new Fiscal year—April 1, 2008. Naming the software does not entitle you to any ownership or benefits, but you will get your name in the credits of the software.

### Please let us know the good & the bad.

If you have a problem with something you have seen or heard, let us know. We want to provide a happy, honest, and clean work environment.
